

Greetings from CRC! Summer is just about here, and we are gearing up and excited about all of our camps! The basketball camps happened at the end of May. Jr. High and Elementary camps will be the last three weeks of June and Travel Camp to Yellowstone will be in mid-July. As I'm writing to you, only our 5th and 6th grade elementary camp has room for more campers. Our junior high day camp, 3rd and 4th grade elementary camp, and travel camp are full and have waiting lists. Fortunately and unfortunately waiting lists are becoming a regular part of our vocabulary here!

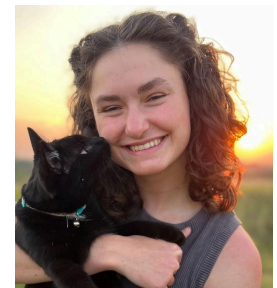

Continuing with the unfortunate/fortunate theme, this will be the first summer in 20 years that Clayton Kliever will not be spending his summer at CRC, including not going on Travel Camp with us. He has been a summer fixture here at CRC but the Lord has moved him in a different direction occupation wise and he no longer has free summers. I praise God for his leadership, help, friendship, and support of CRC. I want to publicly thank him for his service and dedication to the Lord and the area students. He is going to be greatly missed!! If you see Clayton, please tell him thank you in person as well! Fortunately, his wife Sandy will still be going with us as part of the leadership of Travel Camp.

Also on the fortunate side, it has been exciting to see the Lord provide someone who is interested and available to continue serving at CRC! Garrett Leach has been serving in various capacities at CRC for the past 10 years. From camp counselor, to summer intern, to his recent CRC position of (tongue in cheek) "Assistant to the Regional Manager!" Garrett has a heart for people and the Lord and is pursuing God's calling on his life. He has recently completed his first year at Frontier School of the Bible with plans for a second year of study. The CRC board has approved hiring Garrett part time moving to full time beginning the summer of 2026!

In light of this exciting news, we would like to **invite you to CRC the evening of September 21st** for a special fund-raising event. We will be sharing good food and great fellowship, and highlighting God's provision and the needs of CRC moving forward. Please mark your calendar and be on the lookout for more information through various media outlets. (sources?)

One final bit of exciting news is that Amanda Carlson is joining us in a leadership role for the summer. She is the daughter of Cale and Megan Carlson (Cale is one of our board members). Amanda has been serving as a summer missionary (summer volunteer staff) for the last four summers. This summer she is serving as our summer intern and helping with all the prep that goes into getting CRC ready for camps! We are excited and grateful to have her serving with us in this expanded role!

Please join us in praying for the summer ministry that happens at CRC!

- For the College, High School, and Jr. High Students that are serving as Summer Missionaries.
- That God would use His Word to transform lives and draw people to Himself.
- Safety in our activities and travels near and far.

Thank you in advance for your prayer and support!!

Jordan Grantham
Director CRC
